Our Challenge

How can we make AI EdTech more ethical?

Let’s look at this challenge in more detail...

Struggling Sarah

Sarah is a
39 year old
history teacher

I want to use AI tools to make classes more interactive...

Struggling Sarah

I want to use AI tools to make classes more interactive... **but I really don't know how...**

Struggling Sarah

...and I heard that AI systems **can't be trusted**...

Struggling Sarah

Which AI tools should I use?

How do I know if this AI tool isn’t biased??

Should I read the whole GDPR before implementing this AI tool???

Despite all the AI technology available, effective teaching is still a challenge.

Teachers face anxiety when using AI tools.
